The sun is kind of annoying  
As I try to sleep in the back of my van  
It is supposed to be autumn  
Did someone mess with The Plan?

Feels like my skin doesn't fit me  
But it's one mother of a tan  
Barbecued might be the right description  
As I walk around in this frying pan

Give me a damn good reason not to worry  
Give me a damn good reason  
'Cos I refuse to sit here on my ass and drown  
When we burn our bridges down

Now it's been a while since I last wrote  
The ground has been just as green as before  
The yesterday my street turned kinda arctic  
Now I can't get out of my front door

Give me a damn good reason not to worry  
Give me a damn good reason  
'Cos I refuse to sit here on my ass and drown  
When we burn our bridges down
