Sanity takes a vacation  
You're on your own from now on  
Exploring the cracks inside you  
Primitive mind...

One step towards separation  
One step towards confrontation  
Exploring the cracks inside you  
Primitive mind...

I'll stun your resistance  
I'll drown you in lies  
Your waiting is over  
Tear it, tear it, agonize

Spanking hour's here now  
I'll spank your mind right here now  
Spanking hour's here now  
I'll spank your mind right here now

Spanking's on your mind

I'll stun your resistance  
I'll drown you in lies  
Sweet tender hatred  
Rip it, rip it, agonize

Spanking hour's here now  
I'll spank your mind right here now  
Spanking hour's here now  
I'll spank your mind right here now  
Spanking's on your mind
