Them calories just gotta go  
Stopped eating a year ago  
I'm so thin you will not spot me sideways  
I wanna be a supermodel  
I wanna look like I'm dead  
I wanna be somebody's product  
I'm beautiful and give good head

Working on a trendy pose  
Cover the pimples on my nose  
Saving up to fix the cheek-bones in my face (in my face)

Hey...

I wanna be a supermodel (a supermodel)  
I wanna look like I'm dead (I wanna look like I'm dead)  
I wanna be somebody's product (hey...)  
I'm beautiful and give good head

Striving for that Third World Look  
Skinny is trendy (with a matching doek)  
Gee, I'm looking forward to  
United Colors of Benetton's Kosovo Collection

My mom and dad think I am ready  
They say I'm God's gift to men  
I'll throw a super model party  
Tomorrow morning I'll be ten

I wanna be a supermodel (I wanna be a super)  
I wanna look like I am dead (dead)  
I wanna be somebody's product (be somebody's product)  
I'm beautiful and give good head
