Freak Power  
By Freak Power

HYeahhhhhhhh'oh!  
Get me your love,  
Whoaaaaa'o-oh!

A man, a plan he cant understand,  
He cant live the life he wants or needs,  
He pitys the fools about the ridicules,  
Every day he got them rules to read,  
Stop and think man,  
What you doin' man,  
Doing the things you really hate,  
The life he leads, turns him inside out,  
And he's livin' in a madness state,

Yeah, yeah, yeah,  
He aint gonna stand for it,

Freak power,  
Ridin' the freak wave,  
Freak power,  
Bein' a freak slave  
Freak power,  
Walkin' the freak walk  
Freak power,  
Talkin' like a freak talks

A woman, cant walk alone,  
She's on her own, chickin it home,  
Foot steps in the alley way,  
But she got no other way to go,  
Stop and think man,  
What you doin' man,  
Can't you let your sister breathe  
She's got the right to do it day and night,  
And move the way she please,

Livin in past/yeah, yeah yeah,  
She aint gonna stand for it

Freak power,  
Ridin' the freak wave,  
Freak power,  
Bein' a freak slave  
Freak power,  
Walkin' the freak walk  
Freak power,  
Talkin' like a freak talks

Some people say,  
Some people do,  
all I want to know,  
is which one are you,  
People stand around,  
Dogging on they brother,  
Fight for all the plan,  
'Stead you 'chother,  
(this is short for "instead you each other")

\*BASS SOLO, Requires drop D tuning, bass envelope filter, and also a Danelectro free speech mouth tube. All popped, no slap bass whatsoever. ;)

Freak power,  
Ridin' the freak wave,  
Freak power,  
Bein' a freak slave  
Freak power,  
Walkin' the freak walk  
Freak power,  
Talkin' like a freak talks

Talk like a freak!

Yeah, frea-key kids join hands  
Turn outward to face,  
The common, enemy,  
The grey 'suit'.
