It's too late, too late for excuses
Go to jail and fells how to be abused
When You harrassed the poor lil' children
Shown to everyone that u are not a man

There is not I'm sorry
Neither forgive me
You can not tell that
You fell like they feel it

I ask what someone like you deserve
Shoot or die suffering for sure
That kid loses much more than you
Nothing, there is nothing you can do

There is not I'm sorry
Neither forgive me
You can not tell that
You fell like they feel it

That girl now may not to be dead
Not the same about her mom and dad
A shame can't never get out of their minds
A pain hurting their lifes everytime

There is not I'm sorry
Neither forgive me
You can not tell that
You fell like they feel it

There is not I'm sorry
Neither forgive me
You can not tell that
You fell like they feel it

There is not I'm sorry
Neither forgive me
