What's that Cuz I can't see behind these mysterious eyes?

And you haven't realize about her suspicious smile

You wish things about her and don't know how to explain

Just ask yourself when you will see her face again

She is the kind of girl whom makes you commit a mistake

She is just a girl you want her but you'd never take

Suicide girl is not that what you mean!

Come to my world back to my dream!

You'd never has guts to talk with these girl face to face

Even so you should die just to have only a chance

Hands shaking legs frozen your voice can't come out

Your brain got a blackout and you scared no doubt

She is the kind of girl whom makes you commit a mistake

She is just a girl you want her but you'd never take

Suicide girl is not that what you mean!

Come to my world back to my dream!

If you could whisper at her ears

You wouldn't know what to say

Just the perfume of her neck

Would surely worth the day

You may think would she like

One of my stupid jokes?

Or to be noticed by that girl

Maybe I should have a stroke

She is the kind of girl whom makes you commit a mistake

She is just a girl you want her but you'd never take

Suicide girl is not that what you mean!

Come to my world back to my dream!

She is the kind of girl whom makes you commit a  
mistake  
She is just a girl you want her but you'd never take

Suicide girl is not that what you mean!  
Come to my world back to my dream!
