"What Can I Do?"

Visit "[What Can I Do?](#)" on MotoLyrics.com

If only I could say what I feel for you this time
Maybe I'm wrong but don't know if I would be alive
Because this felling is inside of me years ago
Someday I should tell you then I'm talkin' 'bout love

What can I do?
If I feel it kissing you
What can I do?
If I still love you

Only god knows how many times I've tried to say
But in this love song I think I found a way
I hurt myself heart keeping with me I couldn't sleep
Forgive my shame but I'll never forget your lips

What can I do?
If I feel it kissing you
What can I do?
If I still love you
