When I am smiling You should know it's fake
I would like to punch your fucking ugly face
I am crying instead of it I'm laughing my ass off
Cause I've been fucking your wife's hot pussy a lot

Why would I be rude with u?
To make u play the fool

When I look in silence inside me I am screaming
I wish I could tell to everyone the way I'm felling
When I walk alone I am not only by myself
There is something evil trying open my belt

Why would I be rude with u?
To make u play the fool

Why would I be rude with u?
To make u play the fool

When I look in silence inside me I am screaming
I wish I could tell to everyone the way I'm felling
When I walk alone I am not only by myself
There is something evil trying open my belt

Why would I be rude with u?
To make u play the fool

Who's the fool?
Who's the fool now?
I wanna hear you screaming!

Why would I be rude with u?
To make u play the fool
