All I need to
Is to find out if I still really want to
Continue I don't know if it's too late
But I think it's the best thing we can do
For both me and you

You'll still be everything
I know that I ever wanted
And everything that I ever needed
But it doesn't mean that this is the end
This is not the end

All I wants just a little more time
A little more time
Just a little more time
All I wants just sometime
A little more time
A little more time
To make up my mind

It's not a bad thing
I would never do anything to hurt you
And I know you really felt the same way to
I keep telling myself you didn't mean to
But I forgive you

For you hurt me
But I really hope that one day you will see
The reason I breathe is for you and me
But it doesn't mean that this is the end
This is not the end

All I wants just a little more time
A little more time
Just a little more time
All I wants just sometime
A little more time
A little more time
To make up my mind
All I wanted was sometime to make up my mind
OhhÃfÃçâ, -Ã,Ã! and I do really hope that we could
work it out

'Cause love like ours is hard to find

OhhÃfÂçâ, ÑÃ,Â!

All I wanted was sometime to make up my mind

OhhÃfÂçâ, ÑÃ,Â!(x2)
