It's hard to say goodbye
It hurts to be alone

And all that is left is a memory
To love and to keep as a part of me
It's you, no one else but you
Say what can I do
I miss you so

It's hard to let you go
It's hard to ease my pain
But I'll do it all for you
Because I know you'd do the same
And how hard it all may seem
You're always in my dreams

We we will meet again
Far beyond the stormy weather
Far beyond the cloudy skies
We we will meet again
When we do we will last forever
When we do we will stay together
You and me

We were meant to be
In perfect harmony
But every day that goes by is reminding me
There're so many things that you left by me

You see
And every little thing
Has it's own story

They're tellin' me
An hour seems so long
Help me to be strong
You were the meaning of my life
And I can't go on without
I am shouting out my pain
There must be a way

CHORUS

As a friend
As a mother
As a beautiful flower
As a wife
As a lover
You had me climbing up your tower
As my guardian angel
Under your protection
As the light of my life
You gave me so much affection
I'm so lucky that once I got to know you
It was hard for me to say it
But I totally adored you
Is life fair
I'll never stop believing
Our time will come
Because there must be a meaning

CHORUS x2
