Xanadu  
Xanadu

Love isn't easy when it's too far away  
You need a lot of faith and dedication  
I don't have that problem, I see you everyday  
An hour filled with hope and inspiration

Xanadu, I've been waiting my whole life  
For a chance to meet a girl just like you  
And I believe it's gonna be you and me  
If you will get to know me too

Xanadu, I've been waiting my whole life  
For a chance to meet a girl just like you  
And I believe it's gonna be you and me  
If you will get to know me too

I love all about you, but you don't know who I am  
Sure is a complicated situation  
So what if I'm dreaming, I'm dreaming I am your man  
And we wake up in a real life conversation

Xanadu, I've been waiting my whole life  
For a chance to meet a girl just like you  
And I believe it's gonna be you and me  
If you will get to know me too

Xanadu, I've been waiting my whole life  
For a chance to meet a girl just like you  
And I believe it's gonna be you and me  
If you will get to know me too

I fell in love with a girl on TV  
She captivates me on reality TV  
She's looking at me but she cannot see me  
I hope she will be more than a fantasy

Xanadu, I've been waiting my whole life  
For a chance to meet a girl just like you  
And I believe it's gonna be you and me  
If you will get to know me too

Xanadu, I've been waiting my whole life  
For a chance to meet a girl just like you  
And I believe it's gonna be you and me  
If you will get to know me too

I fell in love with a girl on TV  
She captivates me on reality TV
