Girls like to smell so nice
in a month guys rather shower once or twice
Girls like to shop
Guys like to fart
Girls like movies all about love
Guys like to see every thing blow up!
Girls think were dumb
But we think they are!

I guess I'll never really understand it
it like there from another planet

Girls are from Uranus
but there never gunna change us
I think they maybe Space invaders maybe even Darf
vaders
especially girls with frears,
Girls are from Uranus
they call it figure anit it.
There the ones that make no sence.
Look at how they like to dess.
Guys are normale Girls are weird.

Girls go to the bathroom together
Guys go to the bathroom were ever
Girls like to kiss
Guys like to spit
Girls eat with style and grace
Guys like to stuff there face
Girls use anti cream
Guys pop there zits

I guess I'll never really understand it
its like there from a nother planet
Girls are from Uranus
but there never gunna change us.
I think there might be Space invaders maybe even Darf
vaders,
especially girls with frears,
Girls are from Uranus,
they call it figure anit it.
There the once that make no sence.

Look at how they like to dress.
Guys are normale Girls are weird.
