There's something strange about this babysitter  
She called the blood bank and asked if they deliver  
She walks by the mirror, but I don't see her reflection  
I've seen twilight, believe me it left an impression

And everybody knows they come to suck your blood,  
hey  
Hypnotize you with their eyes you got no where to run,  
hey  
Her fingernails are sharp her teeth are pointed too  
Mom left me alone with her now what am I gonna do

Chorus:  
The babysitter's a vampire  
She's looking at me like I'm dinner tonight  
The babysitter's a vampire  
Gonna need a wooden steak and a garlic milk shake  
To keep me alive

(Backing) Oh great, my mom left me alone with a  
vampire, a blood sucking freak, MOM!

She said "it's getting late time for you to go to bed"  
I'm thinking let's call it a night, put a stake in your heart  
instead  
I'm on to you, you're white as glue, and your skin is as  
cold as ice  
The way you stare like I'm medium rare you're ready to  
take a bite

And everybody knows they come to suck your blood,  
hey  
Hypnotize you with their eyes you got no where to run,  
hey  
Mom will never believe me now unless I get some proof  
When I'm flying around the house with fangs she'll  
know it's true

(Chorus)

(Backing) Fred, oh Fred, I want to suck your blood!  
I know, get away you freak! AHHHHHH!

And everybody knows they come to suck MY blood  
Hypnotize you with their eyes you got no where to run  
Her fingernails are sharp her teeth are pointed too  
Mom left me alone with her now what am I gonna do

(Chorus)

The babysitter's a vampire  
From now on I'm wearing turtle necks  
The babysitter's a vampire  
Will I make it through the night or end up a vampire  
snack
