Every time I think about what You've done  
I get overwhelmed, get beside myself  
From my heart I've got to let all my praises flow  
'Cause I gotta let You know that I love You so

Let me thank You in my life for all You've done for me  
Because You've made an awesome friend  
[Incomprehensible]  
You took Your nail scarred hands and wrapped them  
around me  
To give me joy and victory, and sing a song 'I've been  
redeemed'

Every time I think about what You've done  
I get overwhelmed, get beside myself  
From my heart I've got to let all my praises flow  
'Cause I gotta let You know that I love You so

So now You know our plan, shouldn't be no big surprise  
You see my hands go up and if you look in my eyes  
It's because the Savior of the world, He called me His  
own  
I feel enough that as His son, I've access to the throne

Every time I think about what You've done  
I get overwhelmed, get beside myself  
From my heart I've got to let all my praises flow  
'Cause I gotta let You know that I love You so

Every time I think, every time I think  
I get overwhelmed, get beside myself  
So from my heart I've got to let my, let my praises  
I gotta let You know that I love You so

Lord, I know you know that how I really feel  
But let me take this time to tell you in my own words  
You've been mighty good, mighty good, mighty good  
to me  
You've been mighty good, mighty good, mighty good  
to me

You, You blessed me over and over  
And You held me when I was lonely  
And You fill me with Your precious spirit  
Not to worship You, You know I just ain't having it

Lord, I know you know that how I really feel  
But let me take this time to tell you in my words  
You've been mighty good, mighty good, mighty good  
to me  
You've been mighty good, mighty good, mighty good  
to me

You blessed me over and over  
And You held me when I was lonely  
You fill me with Your precious spirit  
Not to worship You, Lord, I just wouldn't have it

Lord, I know you know that how I really feel  
But let me take this time to tell you in my words  
You've been mighty good, mighty good, mighty good  
to me  
You've been mighty good, mighty good, mighty good  
to me

You blessed me over and over  
And You held me when I was lonely  
You fill me with Your precious spirit  
Not to worship You, Lord, I just wouldn't have it, no

You blessed me over and over  
Over and over, over and over  
You fill me with Your precious spirit  
Not to worship You, Lord, I just wouldn't have it, no
