I feel the love of the Savior
In this place
And it is all over me
I feel the love
Love of the savior
I feel the spirit of the Lord In this place
And it is faithful and true
I feel the spirit of the Lord
Here in our praise we can feel Your power, glory, mercy
and Your grace
And with our hearts, Lord we worship You
And we won't be the same
In Your power Oh Lord we are changed
As we lift up Your name
Brings Your presence in
This place
This place
This place
This place
I feel the presence of the King in this place
And there is joy evermore
In the presence of the King
I feel the hand (feel the hand)
Of the Father (of the Father)
In this place
And as we reach out to You
Rain on Your children in this place
Here in our praise we can feel Your power, glory, mercy
and Your grace
And with our hearts, Lord we worship You
And we won't be the same
In Your power Oh Lord we are changed
As we lift up Your name
Brings Your presence in
Here in our praise we can feel Your power, glory, mercy
and Your grace
And with our hearts, Lord we worship You
Here in our praise we can feel Your power, glory, mercy
and Your grace
And with our hearts, Lord we worship You
And we won't be the same

In Your power Oh Lord we are changed
As we lift up Your name
Let Your presence reign over us as we worship You
And we won't be the same
In Your power Oh Lord we are changed
As we lift up Your name
Let Your presence reign over us as we worship You
Here in Your presence is Your power, glory, mercy and
Your grace
And we won't be the same
Let Your presence reign over us as we worship You
As we worship You
As we worship You
Here in our praise
Here in our praise
Here in our praise
Lord we worship You
Worship You
Lord, we worship You
Here in our praise
Here in our praise
Here in our praise
Lord we worship You
Worship You
Lord, we worship You
Here in our praise
Here in our praise
Here in our praise
Lord we worship You
Worship You
