[Verse 1:]

Out of all the miracles
None would ever compare
To that glorious day
Seeing the need of man
God devised a plan
To rescue right way
While the veil stood between
Earth and Heaven
He found a way
To bring us closer
Now the world would see
Just how to be made free
Oh everybody help me say...

[Chorus 1:]

Suddenly
From the dark
Came a light that would enver dim
Now the Father's favor
Would bring good will to man
Can't you see
His only Son
Peace and joy,
Yes He's the One
The hope of the earth
Through the Savior's birth

[Verse 2:]

Now a star would guide them all
To see what God has done
Through a child
Although Kings brought silver and gold
They just didn't know
He would change all life
And that He would reign forever
His love now He shows
So the world would know
Oh everybody help me say...

[Chorus 2:]

Suddenly
From the dark
Came a light
That would never dim
Now the Father's favor
Brings good will to man

[Bridge:]
There He laid, lays in a manger
There was no place for the Savior, Oooh
He humbled Himself
Forsaking His wealth
My Lord decided to be
In the flesh just like me
And with this in mind
He came for my life

[Chorus 3:]
Can't you see
His only Son
Peace and joy
Yes He's the One
The hope of the earth
Through the Savior's,
Savior's birth

[Vamp:]
The hope of the earth,
Through the Savior's
Savior's birth
[Repeat]

Through the Savior's birth
