You Never Turned

Chorus 1:

You never turned, You'll never turned your back on me  
(Repeat)

There were so many times You could have walked away  
Could have thrown up both Your hands, said You  
weren't gonna stay  
But You were always there for me, You stood right  
through it all  
Your love was always lifting me each and every time I'd  
fall

(Chorus 1)

When I think about Your love, when I think about Your  
grace  
You know my heart gets overwhelmed, tears wash my  
face  
And all the times I got it wrong and I really let You down  
You said You'd stay no matter what, You'd always be  
around

(Chorus 1)

Can I say it again and let the world know how much I  
love you?

(Repeat Chorus 1) Your back on me, Lord, I can count  
on You

Not gonna leave me or forsake me (You were right  
there)  
In Your Word that's what You promised me (You were  
right there)  
When my heart was down and lonely (You were right  
there)  
You were there, You were there (You were right there)  
In the battle You are with me (You were right there)  
Always there to give the victory (You were right there)  
You were there (You were right there) with me

(Chorus 2)

I would be so lost, Lord without You (I'm lost without you)

You never left me, that's one thing I can count on

When my friends was gone (You stayed) they left me all alone (You stayed)

If I messed it up (You stayed), when I got it wrong (You stayed)

In my darkest night (You stayed)

When I said my last goodbye (You stayed)

You were right there (You stayed), You were right there (You stayed)

You stayed by my side (You stayed), and I don't know I don't know why (You stayed) really blessing me (You stayed)

When I think about Your love

(Chorus 2)

I'm so glad You stayed (You stayed) Jesus, I'm so glad You stayed (You stayed)

My heart gets overwhelmed (You stayed) and I got to lift my hands (You stayed)

You You You You You You You You You You You You You You You stayed
