I saw you once
And dreamed you might
Become my love
And I was right
It wasn't easy
We cut out ties
Our hearts broke as
We took the prize

I'm drawn to you
Your light all bright

(Ah
Uh, ah)

(Ah
Uh, ah)

(Ah
Uh, ah)

(Ah
Uh, ah)

The seas of love
(Ah, uh, ah)
My wings wet
(Ah, uh, ah)
This golden cage
(Ah, uh, ah)
The silken net
(Ah, uh, ah)
But my feet are cold
(Ah, uh, ah)
They do not rest
(Ah, uh, ah)
I stumble around
(Ah, uh, ah)
To find your nest

I'm drawn to you
Your lights all bright

Even to death
The moth will fly

Remember when
You were alone
Your power formed
A safety zone

A shield has gone
(A shield has gone)
We live inside
(We live inside)
My edge is ground
(My edge is ground)
My melting pride
(My melting pride)
But what is life
(But what is life)
When we don't live
(When we don't live)
We mustn't fear
(We mustn't fear)
Our molting skin
(Our molting skin)
Our molting skin
Our molting skin

But my feet are cold
(Ah, uh, ah)
They do not rest
(Ah, uh, ah)
I stumble around
(Ah, uh, ah)
To find your nest

I'm drawn to you
Your lights all bright
Even to death
The moth will fly
I'm drawn to you
I hope to love
Just all to you
I must return
I must return
I must return
I must return
