Over the hill
Follow it down
The earth is soft
Shadows sound
Find a trail
Seen before
Tug at the roots
Where's the door?

Ah, la, la, la, ah

Where do you find me?
Where do you find me?
Where do you find me?
Where do you find me?
I see thee
I see thee

Yes you
It seems I've seen your face
Somehow
Why do you feel so strange?
So strange?
Through unknown lands
I travel lame
Awake, I find a foreign game

What do you call me?
What do you call me?
What do you call me?
What do you call me?
O maybe I knew
But where do I begin?
Begin?
For too long I live
But I fear my skin
My skin

So here you come
To your end
No finer place to begin
Begin

What do you call me?
What do you call me?
What do you call me?
What do you call
Me?

Where do you find me?
Where do you find me?
Where do you find me?
What do you find in the dark?
(Where do you find me?
Where do you find me?
Where do you find me?
Where do you find me?)

Into the earth
Find the stars
And now I know
Who you are
