Sweet mama

Don't be mean to me

Well sweet baby

Don't be mean to me

I've been waiting for such a dog

Gone lonesome time

For somebody just like you

To change these blues of mine

Sweet mama

Don't you turn me down

Well sweet baby

Don't you turn me down

Hey sweet mama

Now don't you turn me down

You know I love you

That's why I keep hanging 'round

Sweet mama

Don't you treat me mean

Go on with it

I've been waiting for such a dog

Gone lonesome time

For somebody just like you  
To change these blues of mine  
Sweet mama  
Don't you treat me mean  
Well sweet mama  
I said sweet mama  
Oh sweet mama  
Yeah sweet mama
