CHORUS:

People can we all get along
Can we all get along
People you know we're all stuck here for a while
Let's try to work it out
People I just want to say you know can we get along
Can we all get along
Can we stop making it making it hard
For the older people and the kids
I mean we've got enough smog here in Los Angeles
Let alone to get killed setting these fires and things
It's just not right it's not right
It's not going to change anything
We'll get our justice

CHORUS

They've won the battle but they haven't won the war
We'll have our day in court that's all we want
I love I'm neutral I love people of every color
I'm not like they're making me out to be
We've got to quit I mean I could understand
The first two hours after the verdict
But to go on like this
To see that security guard shot on the ground
It's just not right because those people
Will never go home to their families again

CHORUS
