They may say you're a man in disguise
Living a lie doesn't matter
All the gold in the world they can't hide
True love inside, love is much too strong
Loving you is never wrong

Dry your eyes
No use in crying
We'll keep on trying

Just the thought of you and me together
Is a supernatural high
Just the thought of you and me together
Just you and I
Just you and I

Some men lived their whole life in a dream
Worshiping things never knowing
Love is real lies a house on a hill
Just standing still, waiting on you now
Sheltering the love we found

Dry your eyes
No use in crying
We'll keep on trying

Just the thought of you and me together
Is a supernatural high
Just the thought of you and me together
Just you and I
Just you and I

You and I [You and I]
Oh, supernatural high [You and I]
You-ou-ou and I
Oh, supernatural high [Oh-oh-oh-oh, yeah-eah-eah]
Supernatural, supernatural high, supernatural high
Give me your love, I wanna stay high on your love, yes I
will
'Cause loving you is so sweet, so sweet
Just a supernatural high, just a supernatural high

I'm high on your love [Oh, baby]
Yeah, yeah... ooh yeah [Ooh, ooh yeah]
Ooh yeah [Oh,oh, oh, ohhhhhh]
Won't you listen to me right now?
Won't you listen to me right now
Won't you listen to me right now? [yeah, yeah]
Won't you listen to me right now?
Won't you listen to me right now?
Ooh yeah [Ooh, ooh yeah], ooh yeah, right now

Just the thought of you and me together
Is a supernatural high
Just the thought of you and me together
Just you and I
Just the thought of you and me together
[Just a thought of you and me together]
Is a supernatural high [is a supernatural high]
Just the thought of you and me together
[Just the thought of you and me together]
Just you and I

Just the thought of you and me together
[Just the thought of you and me together]
Is a supernatural high [supernatural high]
Just the thought of you and me together....
