We're having a party, my memories and me
There all that's left for the love that used to be
I found someone who needs me, someone to take your
place
He's restored my faith and love and dried the tears on
my face

All my tomorrows died yesterday
You're running around, drove my love away
Wanting to be free meant more than you and me
Now it's too late, the door is closed
Blaming on the life you chose
That's how it goes

Shadows on the wall, shades of you and me
The wall, it was there but you're refused to see
I've been the other woman and just a change of pace
I've been a picture on the wall filling your empty space

You saw me a rainbow from must a golden end
Gave you my love only to find I've been boiled again
All your bridges are burned
There's no coming back, no return
Now it's too late, the door is closed
Blaming on the life you chose
That's how it goes

[violins playing]

All my tomorrows died yesterday
You're running around, drove my love away
Wanting to be free meant more than you and me
Now it's too late, the door is closed
Blaming on the life you chose
That's how it goes

We're just shadows on the wall
Shades of you and me
Shadows on the wall
Of things we used to be...
