Hear the happy feet dancing to the beat of the Freddie
Put a guy in front make a line in back then you're ready

Kick your feet up swing your arms up too
Move your head both ways like you see me do
Then jump three feet to the swinging beat
Do the Freddie Do the Freddie

It's an easy dance give yourself a chance
Dance the Freddie
It's the thing to do kids will envy you
So do the Freddie high pitched maniacal laughter
follows

Wow! screamed

Repeat chorus after break

Dance the Freddie Dance the Freddie
