Maybe I'm a loser, I guess I will never know
When you see my eyes, do you stare and make it all
right?

Lately, I don't see things the way that I used to see
'Til the day I die, I will be but never know why
And life is complicated and I need celebrating, yeah,
yeah

I, I should be laughing with the clowns on my birthday
I, I should be dancing all around on my birthday

Why don't you just kill me and save all the misery?
And I'm sure you'll find you have left nothing behind

I will keep on dancing inside of the tiny mind
'Til the day I die, I will be but never know why
And life is complicated, and life is celebrating, yeah,
yeah

I, I should be laughing with the clowns on my birthday
I, I should be dancing all around on my birthday

So bring in my clowns

I, I should be laughing with the clowns on my birthday
I, I should be dancing on the moon on my birthday,
yeah, yeah

I should've been laughing with the clowns on my
birthday
I should've been dancing all around on my birthday

So bring in my clowns, where are my clowns?
Where are the clowns? So where are the clowns?
Bring in my clowns, bring in my clowns, bring in my
clowns
