Oh it's been such a long long time looks like I could get  
you off my mind  
Oh but I can't just the thought of you turns my whole  
world a misty blue

Just the mention of your name turns the flicker into a  
flame  
I think of things that we used to do then my whole world  
turns misty blue

I should forget you heaven knows I've tried  
But when I said I'm glad we're through my heart knows  
that I've lied  
Oh it's been such a long long time...

Oh just the thought of you turns my whole world a misty  
blue
