See-see baby  
See what you have done, Lordy mama  
No need to worry  
See-see baby  
See what you have done  
Yes, you've told me a lie  
Now you man has come  
That man you got don't love you  
Yes, he told me so, Lordy mama, no need to worry  
The man don't love you, yes he told me so

He's just only jivin' you baby  
He in love with the girl next door  
Oh an' I love your teasin', an' the way you carries on, oh  
Lordy mama  
No need to worry, I love your teasin' an' the way you  
carries on  
Yes, you told me a lie, little girl you know that's wrong
