Ooooh  
Ooooh, take it, take it all away  
Ooooh, take my breath away  
Ooooh, ooooh, you, take my breath away

Look into my eyes and you'll see  
I'm the only one

You've captured my love  
Stolen my heart  
Changed my life

Everytime you make a move  
You destroy my mind  
And the way you touch  
I lose control and shiver  
Deep inside  
You take my breath away

You can reduce me to tears  
With a single sigh  
(Please don't cry anymore) Every breath that you take  
Every song that you make  
Is a whisper in my ear

I could give up all my life  
For just one kiss  
I would surely die  
If you dismiss me from your love  
You take my breath away

So please don't go  
Don't leave me here all by myself  
I get ever so lonely  
From time to time

I will find you  
Anywhere you go  
I'll be right behind you  
Right until the ends of the earth  
I'll get no sleep till i find you

To tell you  
That you just  
Take my breath away

I will find you  
Anywhere you go  
Right until the ends of the earth  
I'll get no sleep till i find you  
To tell you  
When i've found you  
I love you

Take my breath take my breath ... away
