You were wrong, you were wrong
You were wrong, yeah, you were wrong
You were wrong, baby, stayin' away too long
You know it ain't right, it ain't right,
It ain't right, it ain't right
It ain't right, stayin' out all night
I try and I try with all my might, to do the thing that's
right
No matter how good I treat you baby, you only wanna
fuss and fight
You were wrong, you were wrong
You were wrong, yeah, you were wrong

You were wrong, baby, stayin' away too long
You know it ain't right, it ain't right
I ask myself, and I ask myself, and ask myself again,
How can you do the things that right, when you keep on
livin' in sin?
You were wrong, you were wrong
You were wrong, yeah, you were wrong
You were wrong, baby, stayin' away too long
You know it ain't right, it ain't right
