I feel the power of the stranger inside me
A force of magic surrounds me
This fountain within me is overflowing

Peaceful and inviting
Beautiful and enticing

Rising sun bless me morning with a smile
A magic pearl from the seas
Born in a willow breeze
Loyal friend my guardian angel in the sky

You've served me well all these years
Greeting with both hands trusting with no fears
Till the end

When everything is golden and everything is oh
And everything is oh
My only living treasure on this eartg

When everything is golden
Everything and everyone is oh
