I want to gaze into your eyes and see the fire in their
glow
But it's the same old story
Want you to melt inside my arms like falling rain upon
the snow
But you say no, you say no
Want you to help me thru deep waters when my ship is
in a storm
Want you to give me all the power like a king on his
throne
But you don't care, you don't care
History repeats itself, I seem to be all by myself again.

Come into my life, it's a manmade paradise
Come into my life, it's a manmade paradise
Come into my life, it's a manmade paradise
Come into my life, it's a manmade paradise, paradise

One day I'll look into your mind and understand which
way to go
But it's the same old story
When you refuse me all the time I'm suicidal on my own
But you don't know, you don't know
I want to be beside you now, lie in the stand and kiss
your brow
I want to fly beyond the moon and do the things we do
for love
But you don't care, you don't care
History repeats itself, I seem to be all by myself again.

Come into my life, it's a manmade paradise
Come into my life, it's a manmade paradise
Come into my life, it's a manmade paradise
Come into my life, it's a manmade paradise, paradise

I want to be beside you now, lie in the stand and kiss
your brow
I want to fly beyond the moon and do the things we do
for love
But you say no, you say no
History repeats itself, I seem to be all by myself again.

a capella
