(Freddie Mercury)

Stop all stop all (stop all) the fighting  
Stop all stop all stop all the fighting  
Stop it stop all the fighting  
We want to live in a better place (live in a better place)  
We want to make a better human race  
We want to live in a better place (stop all the fighting)  
We want to make a better human race  
Stop all the fighting stop all the fighting

Don't do that don't get all excited  
You know that know that - not gonna like it  
Stop all (stop all) stop all stop all the fighting

We want to live in a better place (yeah yeah yeah yeah)  
We want to make a better human race  
We want to live in a better place (stop all the fighting)  
We want to make a better human race  
Stop all the fighting stop all the fighting

Get all excited  
You don't have to do that  
You're not gonna like it  
That's a point of fact

We want to live in a better place  
We want to make a better human race for you  
We want to live in a better place  
We want to make a better human race  
Stop all the fighting stop all the fighting
