There must be more to life than this
There must be more to life than this
How do we cope in a world without love
Mending all those broken hearts
And tending to those crying faces?

There must be more to life than living
There must be more than meets the eye
Why should it be just a case of black or white?
There must be more to life than this

Why is this world so full of hate?
People dying everywhere and we destroy what we
create
People fighting for their human rights
But we just go on saying c'est la vie, so this is life

There must be more to life than killing
A better way for us to survive
What good is life? If in the end we all must die
There must be more to life than this

There must be more to life than this
There must be more to life than this
I live and hope for a world filled with love
Then we can all just live in peace

There must be more to life
Much more to life
There must be more to life
More to life than this
