The rain keeps falling  
Tears keep coming down  
I can't find my baby  
I wonder she left town

Rain rain rain rain  
I'd like to see my girl again  
She broke my heart in two  
And caused me so much pain

Rain rain rain rain  
My pillow's soaking wet  
I can't find her in the morning  
She's not home yet

(Repeat)

The rain keeps falling  
Tears keep coming down  
I couldn't find my darling  
I wonder she left town

Rain rain rain rain  
My pillow's soaking wet  
Where is she in the morning  
She's not home yet

Rain rain rain rain  
Rain rain rain rain  
Rain rain rain rain
