I love the woman
And learned a lesson that I can't forget
Yes!
I loved the woman
And learned a lesson that I can't forget
Yes!
She's mean an she's evil
And now my life is in a solid mess

(guitar & instrumental)

Yeah!

She wakes me in the mo'nin
A-before the break of day
Tellin' me to get up an go out
Now an earn myself some pay

How she scolds me like an orphan
Now and treats me like a clown
Ah and when I need some lovin'
That woman can't be found

I love the woman
And learned a lesson that I can't forget
Yes!
She's mean an she's evil
And now my life is in a solid mess.
