I'm just a little country boy

Lookin' for my pride and joy

I came to the city

Just to see what I could see

I just made it in your town

Thought I'd take a look around

I wanna tell you, baby

Just how good you look to me

My mama told me

There would be some time like this

She told me

There would be some moments

Filled with bliss

She warned me of a lot of things

I had to do

But she didn't tell me

I would meet somebody like you

So, come an take a chance with me

I want you to romance with me

You might say I'm coy

'Cause I'm just a little country boy

I'm just a little country girl

Living in a great big world

I met the country boy

And I've got some news for you, ooo

He swept me right off my feet

Made my life complete

My heart skipped a beat

'Cause it thrills me through and through

Ooo-ooo, ooo-ooo, ooo!

We gonna walk together  
Down the aisle, today  
We gonna see the preacher  
In the biggest way

Oh, I'm so happy  
Can't you see I'm thrilled with joy  
Can you believe how this could happen  
To a country boy?

So come an take me by the hand  
You let me be your lovin' man  
I'm in a great big world  
My baby is a country girl

I found my joy

I'm a country boy.
