I love the woman  
And learned a lesson that I can't forget  
Yes!  
I loved the woman  
And learned a lesson that I can't forget  
Yes!  
She's mean an she's evil  
And now my life is in a solid mess

(guitar & instrumental)

Yeah!

She wakes me in the mo'nin  
A-before the break of day  
Tellin' me to get up an go out  
Now an earn myself some pay

How she scolds me like an orphan  
Now and treats me like a clown  
Ah and when I need some lovin'  
That woman can't be found

I love the woman  
And learned a lesson that I can't forget  
Yes!  
She's mean an she's evil  
And now my life is in a solid mess.
