Well now, it's all over
'Cause now you say we're through
You've gone an left me
You say you found somebody new

That's what you think
That's what you think
You can lay off a while
But you sho' can't quit me now

Child, I tried my best to please you
In all I do an say
Each time I start to tease you
You say you's going away to stay

And that's what you think
That's what you think
You can lay off a while
But you sho' can't quit me now

You might as well come
Back to me
And do the thing you should
So, I'll tell you just one fact, you see
So, you might as well be good

You say you used to love me
With all your heart an soul
'Cause now that you're above me
You say your love is goin' cold

Think, what you think
That's what you think
You can lay off a while

But you sho' can't quit me now

(harmonica, guitar & boogie)

You say you used to love me
With all your heart an soul
'Cause now that you're above me
You say your love is goin' cold

That's what you think
That's what you think
You can lay off a while
But you sho' can't quit me now

Quit me, now

Quit me, now

Quit me, now

You can lay off a while
But you sho' can't quit me now-ooow.
Oh-oooh!
