Fred, Vado, Toe from Scado, clap when a nigger
getting chip, bravo
I open up shot themes Russia and Drago
For the record I came with the max, Dorado
Too bad the ladies praise hell
Shawty called me â€¦ got her waving
What you wanna get into I said the days in
Room presidential Bush, â€¦
She a model and she look like Asian
Me and Vado like Reggie Bush â€¦ raving
Shawty said I tried to game her
I came in the crib unexpected, frame her
I get down g ass, Chris Brown b ass
A medallion the size of a Nintendo DS
Short italian chain on a â€¦
Every verse styling stop the beat, bx

I break the China with the chop sticks
Did I call where the block is?
Did I wake up with your top chick, oh shit

Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger

I â€¦ everything but criss,
ask me, these niggers is everything but nice
Like you see me and everything but mikes
I doubt that cause I don't do everything just nice
Boomerang I'm the next marcus
Soon as â€¦ they bear foot on the red carpet
No wonder love â€¦ in the bread market
Parting, we'll make sure them bottle of â€¦ parker
Don't stop, let the beat bill,
â€¦ that's the cheap bill
Don't worry about it, I got it, long as we speak still
When in and out it, there's nothing that's not my weak
fill
Wish I could bring her back, chill, fuck that, chill

Fuck that, fuck that
Getting money for six, fucking we love that
Pulling something to six starting we does that

I break the China with the chop sticks
Did I call where the block is?
Did I wake up with your top chick, oh shit

Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger

V twizzy, god so we busy
â€¦ was popping, e easy
Sting piffy keeps me lane busy
Bottles and piney butter like what you need â€¦ ?
Catch a heart attack, â€¦ hard to black
Got the whole ex in here and we're holl'em that
Like Mike's first deal, I been the problem â€¦
Money trains full speed and no stopping

Fast, rapping, I live the way I'm rapping
Ripping it off the plastic come I'll show you some traffic
I got some caskets, things start to get drastic
My guns from Germany, â€¦ whiskey, the mavericks
â€¦in front like the owner, stash the pounds â€¦ cause
the aroma
34 for that melody Fiona,
Afraid the gods to one, I thought I told you

I break the China with the chop sticks
Did I call where the block is?
Did I wake up with your top chick, oh shit

Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger
Cause you ain't ready for this head banger.
