Fredrik Kempe - My sad goodbye

I don't
I won't
Come again no

You love someone else not me
I dead
You scared me with answers
You don't want me anymore

Running from the past from you
If nothing else i want, whats new
It hurts like only love can do

This is my sad goodbye
I know now you didn't even try
You see that last night
We had our last fight
If i go i know you never cry
This is my sad goodbye

Make me
Break me
Don't mistake me
You know
I know
Everything

Tierd
Lier
Lost desire
We don't
We wont
Love again

I try a thing to reanite
The thought of you as cold as ice
Living in a world of lies

This is my sad goodbye

I know now you didn't even try
You see that last night
We had our last fight
If i go i know you never cry
This is my sad goodbye

This is my sad goodbye
I know now you didn't even try
You see that last night
We had our last fight
If i go i know you never cry
This is my sad goodbye
