Look again perhaps you didn't see
All the strength and power deep inside of me
All my life Ive been the one to say
You can have it all just make it your way
Did you think that I would leave you here
Did you think I'd disappear
Ill never run away to stay alive
Ill never walk away from danger I know I'll survive
I will stay here and fight if Im wrong if Im right
Ill be yours baby night and day, my way
I know Ive been blessed in many ways
I know I can meet both the good and bad days
It comes down to if I walk or stay
It goes down to if I do it my way
Let me lead you to my paradise

See the difference through my eyes
Ill never run away to stay alive
Ill never walk away from danger I know I'll survive
I will stay here and fight if Im wrong if Im right
Ill be yours baby night and day, my way
Feel the way I feel
And find a place where hearts can heal
Ill never run away
Ill never walk away
Ill be yours baby night and day, my way
Ill never run away to stay alive
Ill never walk away from danger I know I'll survive
I will stay here and fight if Im wrong if Im right
Ill be yours baby night and day, my way
