"Lying In The Sunshine"

Visit "[Lying In The Sunshine](#)" on MotoLyrics.com

I'm layin' in the sunshine
Just outside my door
Dreamin' of the work I should do
Just layin' on the floor
Fences need repairing
And money to be earned
But I'd rather sit right here
And think about the world

So let me lie in the sun
Let me dream all alone
Let my worries fly away
I am happy here so let me stay

If you could only feel the same
Your world would be a peaceful place

So let us lie in the sun
Let us dream all alone
Let our worries fly away
So happy here
So let me stay

If you could only feel the same
Your world would be a peaceful place
