[Intro: Tweet]Ooh
Ooh
Ooh
Shook up, Shook up, Shook Up

Ooh
Ooh
Listen, it's something like dynamite
Oow!

[Verse 1: Tweet]This morning
(I Cried)
Had a good feeling
(Inside)
Exceptional emotion
(That's why)
I gave him my devotion

He turns the lights off and loves my body
Natural feelin', I can't describe it
What a relationship, so contagious
He gives me all I want, that's why I'm faded
Shook Up

[Hook: Tweet]How can I make it through the day?
In love with you
How am I supposed to do everything?
When I'm shook up, shook up, shook up

How can I make it through the day?
In love with you
How am I supposed to do everything?
Everything, you are my everything

[Verse 2: Tweet]Can't fight the feelin'
(Inside)
Lovin' what I'm seein'
(Your mine)
The way your touchin' my body, babe
(Feels right)
Don't stop makin' me fantasize

He turns the lights off and loves my body
Natural feeling, I can't describe it

What a relationship, so contagious
He gives me all I want, that's why I'm faded
Shook Up

[Hook: Tweet]How can I make it through the day?
In love with you
How am I supposed to do everything?
When I'm shook up, shook up, shook up

How can I make it through the day?
In love with you
How am I supposed to do everything?
Everything, you are my everything

[Rap: Free]Keep a G on stash
No, I don't mean cash
Let him know you gotta be so bad
Maintain ya protein like amino ac
Make ya boat fiend, show em' it's yo scene
Sex like heron, clothes is mo' fiend
Fa sure he approachin' the jokes that most dream
You ain't gotta do everything
You could keep him in pocket, have him goin' through
change
He say he won't well be patient, he frontin'
(...)
Nice and stuntin' and thumpin', ya boy moanin' and
gruntin',
And all the while ya laughin' now he say he won't
Turn the tables, keep em' spinnin' like spree's, please
Keep em' tamed, complain' you won't change
Emotionally, coast is me,
I'm a G.M., playa, no coachin' me

[Hook: Tweet]How can I make it through the day?
In love with you
How am I supposed to do everything?
When I'm shook up, shook up, shook up

How can I make it through the day?
In love with you
How am I supposed to do everything?
Everything, you are my everything
