Watch my hand
Writing this last letter
Watch my hand
Knowing I won't forget her
No I won't forget her
Take my things
Every thing is over
All my things
Leave behind my love
Leave behind my love
La la la
La la la
La la la
Now lighing a cigarette
Now knowing I will regret
The way our love had to end
In her room
Standing alone
All alone
Soon I will be gone
Soon I will
Soon I will
Soon I will be gone
Soon I will
Soon I will
Soon I will be gone
