FRASER/RODGERS

Baby won't you tell me
What you're tryin' to do
You don't mean to say
That our love is through
Because I love you
Yes I do
And I've go to see it through
I lives on the moutain
A hundred mile from town
That's a long way to go
Baby now
But soon I'm gonna be around
Because I love you
Yes I do
And I've got to see it through
Baby now
I'm gonna steal you baby away with me
I want to love you
Because you see
I am riding on a pony
In the middle of the night
I'm gonna be there in the morning
And I hope that it's all right
Sometimes when I am loney
I think about your face, baby
So I get on my pony
And I ride over your place
Because I love you
Yes I do
And I've go to see it through
I wanna take you, far away
I wanna love you, no matter what you say
Because I am riding on a pony
In the middle of the night
I'm gonna be there in the morning
And I hope that it's all right.

I am riding on a pony
In the middle of the night
I'm gonna be there in the morning
And I hope that it's all right.

I am riding on a pony
In the middle of the night
I'm gonna be there in the morning
And I hope that it's all right
