In the beginning  
You were before creation  
The source and the center  
Jesus, our sure foundation

In the beginning  
You were before creation  
The source and the center  
Jesus, our sure foundation  
You hold it all together

And I was made by You  
And I was made for You  
And I was made to worship You  
You hold it all together

The Word of the Father  
Came to this world so humbly  
Now we're reconciled  
By His blood and suffering  
You hold it all together,  
You hold it all together

And I was made by You  
And I was made for You  
And I was made to worship You  
You hold it all...

With our hands lifted high  
And our hearts open wide  
We cry Holy, Holy  
More than a song  
We're surrendering all  
Crying Holy, Holy, Holy

And I was made by You  
And I was made for You  
And I was made to worship You  
You hold it all together

And I was made by You

And I was made for You  
And I was made to worship You  
You hold it all...

With our hands lifted high  
And our hearts open wide  
We cry Holy, Holy  
More than a song  
We're surrendering all  
Crying Holy, Holy

With our hands lifted high  
And our hearts open wide  
We cry Holy, Holy  
More than a song  
We're surrendering all  
Crying Holy, Holy

You hold it all together  
You hold it all together  
You hold it all together  
You hold it all

And I was made by You  
And I was made for You  
And I was made to worship You  
You hold it all together
