Criminal Minded by Boogie Down Productions is a highly influential hip hop album. Production on the LP is credited to 'Blastmaster' KRS-One (Lawrence Krisna Parker) and DJ Scott La Rock (Scott Sterling), but in interviews it has been revealed that an uncredited Ced-Gee (Cedric Miller) of The Ultramagnetic MCs had a key role in crafting the sound of the LP - the back cover, however, carries the message "a special thanks to Ced Gee".
