oh my! annalise. you've got a heart so mean it should  
be on a leash. we've got a good connection. i'm gonna  
kiss that girl, gonna get a reaction. oh my! annalise. to  
keep her teeth so clean. she's always brushing her  
teeth. we've got a good connection. i'm gonna kiss that  
girl, gonna get a reaction. it's not so easy. oh! is it  
annalise? you're not so easy. oh! how i wish you were  
my annalise. i wish we could turn around. and you  
would kiss me. and we'd show this town a thing or two.  
it's not so easy. oh! is it annalise? you're not so easy.  
oh! how i wish you were my annalise
