"Hugs & Kisses"

i couldn't shoot somebody. i wouldn't have the nerve.
but her aim is much more deadly. and i know who she'd
shoot first. we were all hugs and kisses. now there's no
hugs and kisses anymore. i'd try poison when she's
sleeping. but she always looks so nice. she's happy
when she's dreaming. and i'd only change my mind. we
were all hugs and kisses. now there's no hugs and
kisses anymore. i couldn't shoot somebody. i wouldn't
have the nerve. but her aim is much more deadly. and i
know who she'd shoot first. we were all hugs and
kisses. now there's no hugs and kisses anymore. i'd try
poison when she's sleeping. but she always looks so
nice. she's happy when she's dreaming. and i'd only
change my mind. we were all hugs and kisses. now
there's no hugs and kisses anymore
