Raise your doubts in the air
And smash them like you don't care
I'm not from another galaxy
But Mr Right man do have some problems to follow me
I won't grow up in this community, male supremacy
I won't wake up among a society
Where nothing's turning right except the word money
Seem like folks are changing into things
They never thought to be one time
There's so many frustrations to end your everyday
We deserve satisfaction otherwise we'd burst (away)
Away ground of human dignity
Slow acting poison floating in the vulturicity
I won't play an act in this sad comedy
You know you know you know me
Ref : I'm a Silver Groover
Raise your doubts in the air
Silver Groover
Smash them like you don't care
Mama funk give me the energy
That's why I'm trying to make sens out of this word

money

Fast living rather than slow downing

We're the youth of this blind century

Don't want to be involved in their racial problematic

We are sharing things our parents

Never had a chance to see 'ard time

But when we play a funky music

I you can't help but move

You know the problem is not ethnic

You just got the baddest silver (Groove)

Groove me to funkadelic city

Where red blaze hair girls

Teach you love and sexuality

Real people are living in harmony

You know you know you know me

Ref

Fonck them! I'm a freak so they made me

New Funk Generation legacy

From silver surfer and a comet we're the progeny

Living in a state of emergency

We deserve all and now that's the way it's got to be

Selfish is a failing , we must confess

Cause we don't care about the (rest)

Restless is my funky trash soul

When I can't drive fast, skate or roll

You know you know you know me
